DR. JOHN BULL SOMETHING NEW AND VALUABLE.

The most powerful King on the face of the globe now reigns supreme in the American Republic. The power of the crowned heads of Europe sink into insignificance when compared to that of our American King.
European Kings suploy the power vested in them to increase the riches of the rich and lordly, and to reduce to greater misery and degradation the poor and dependent. Our American King goes forth with equal willingness to the lordly mansion and humble cablu, ready alike to administer relief and to offer health and happpiness to the lofty and lowly, the rich and the poor.

DR. JOHN BULL'S

Is the TENTH WONDER OF THE WORLD, and the greatest blessing ever effected to afflicted humanity; to the suffering millions, the Doctor can say, relief is at your command. You have only to use this magical remedy. All those who still suffer, and will not accept the profered halm, deserve not the pity of their families.

This wonderful medicine, during the brief period since its introduction, has carried happiness to the hearts of thousands, and made lifes charm to many who heretofore regarded it only as a painful and miserable existence.

To the winds with all Liminents, Embrecations, Pain Killers, and Pain Extractors, and the initions of glad tongues proclaim the merits of the great "American King of Pain," a preparation composed solely of regelables and roots, produced by America's own rich and bountsous soil.

We would sek the Ladris, who are always competent judges of what is and what is not a valuable family medicine, to do as a special farror by giving the King of Pain a single trial, and if estisfactory, exert their influence in its behalf, recommend it, speak well and often of it, and see that it is used by their afflicted neighbors. The Ladles are always charitable, and when they induce their suffering friends to use this really valuable medicine, they will be doing an act of benevolence that they can well be proud of. This is a powerful and truly magical remedy for all external diseases, sores, swellings, burns, &c., and for many luternal afflictions, it is a certain cure, yet it is perfectly harmises, and incapable of producing the least lojurious effects in the most delinate cases or the weakest constitution.

It is entirely useless to follow the old and worn-out system of publishing to the public thousands of certification of the Weakest constitution.

It is entirely useless to follo

USE THE GREAT KING OF PAIN.

"KING OF PAIN." Would you be cured of King's Kill, Cancer, Tumors, Eruptions, or any disease of the Skin caused by Impure blood, then use Dr. John Bull's Sarsayarilla internally, and the King of Pain externally, nothing can be more certain than a speedy and effectual cure.

DR. JOHN BULL'S SARSAPARILLA.

Puwders.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Buil's Sarsaparilla is prepared, not one has condenaed it, but all approved it, and commend it in the highest terms. Many physicians express themselves strongly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who feel a reluctance to having their names appended to the recemmendation of any particular remesty, notwithstanding they may approve of it in the highest degree, there are others who fraukly yield their support in favor of a remedy which they know is capable of doing so much good in an allificial community. As an evidence, read the following from old and respectable physicians, of high standing in the community is which they live:

TESTIMONY.

By Testimony like the following renders superfluous all comments on the efficacy of Buil's Sarsaparilla. From Br. L. P. Yandell, Professor of Chemistry in the Louisvilla Medical College: I have looked over the list of ingredients composing John Buil's Compound Extract of Sarsaparilla, and have no hesitation in saving that they form a safe compound, and one that promises well in chronic diseases, to which it is applicable.

I have examined the prescription for the preparation of John Bull's Sarsaparilla, and I believe the combination to be an excellent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarsaparilla now in use.

Louwrille, May 20th, 1849.

We have used John Bull's Sarsaparitia, and have known it to be used, with entire satisfaction; and we have no hesitation in stating our belief, that it is a sale and ratuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most earnestly recommend it to the afflicted.

E. W. SEHON,

We extrestly invite all persons who are suffering with any of "the life that fiesh is heir to," to call on Dr. John Buil's agent, and get a copy of Buil's Family Journal unarts; and for the sake of humanity, we hope that a single individual will not be found unwilling to give Buil's Saraparila a raiss, after reading, and recollecting, at the same time, that it is impossible for the Dector to publish the tenth part of the number of certificates of astounding cures peformed by his Sarsaparills. The amount of testimony voluntarity showered on Dr. Buil's Sarsaparilla, from well known and distinguished individuals, both in public and private life, has been perfectly overwhelming.
